What Makes ElderConsult Different?

- » We provide **SOPHISTICATED MEDICAL MANAGEMENT**. This includes consultation with families, caregivers, facilities and the primary physician, review of all medications, a medical exam and a detailed treatment plan for each concern.
- » We routinely make **HOUSE CALLS**.
- » We conduct a **COMPREHENSIVE PHYSICAL EXAM**, addressing pain, functioning, dementia (such as Alzheimer's) and depression.
- » We **EMPHASIZE COMMUNICATION AND ACCESSIBILITY**, delivering a final report to the patient and primary physician.
- » We strive to **MINIMIZE MEDICATION**, to use only the most effective, appropriate drugs, and to maximize functionality and quality of life.

Caring for an elderly relative can be a difficult, confusing, sometimes overwhelming task. ElderConsult provides the expertise, support and knowledge these patients, and those who care for them, need and deserve.
